Subject: Recommendation for NUMUNU Staffing

To Whom It May Concern:

It is with great pleasure to write this recommendation for Edward Tahhahwah and Riley Mowatt with NUMUNU Staffing.

The Comanche Nation Housing Authority (CNHA) has worked with several other employment recruitment services seeking qualified employees and have found it difficult to find suitable employees that were consistently screened based on the specific needs of open positions. NUMUNU Staffing has been far beyond the best company, finding highly qualified staff for our exact needs.

The CNHA was awarded a 3 million dollar grant project and needed to quickly find highly qualified employees to run the project. NUMUNU Staffing listened to our needs and went to work interviewing, screening, and sending several employees for interview within days. We now have three (3) staff members who were able to train on-the-job for a day and a half and began administering the grant effortlessly. In our opinion, it was all due to the NUMUNU Staffing recruiter's great communication and understanding our specific needs. Edward and Riley are very professional and service driven.

The CNHA is pleased to recommend NUMUNU Staffing and the recruiting staff.

Thank you,

Jackie Wahnee
